Please still send completed Membership Form to Ralph Sperring at above or email to Ralph on: ralphsperring@mac.com

All those taking out membership are advised the Club provides no insurance cover for its Riders and accepts no responsibility for any claims. It is strongly recommended that all Riders make their own arrangements for Personal and Third Party Cover. Riders in events organised under the regulations of the National Cycling Organisations should familiarise themselves with the Organisations rules and provisions for Insurance.

Whilst the Club welcomes riders of all ages it is expected that those of a very young age will be accompanied by a Parent or Guardian. Any new Young or Juvenile rider's ability to join the Clubs many organised rides will be assessed by the Club and they will be advised as to the best ones for them to take part in if at all. See Club Website for details of rides organised by the Club and etiquette.

In the event of an accident whilst on Club organised events every effort will be made to contact your Emergency Contact, this will take time however so it is recommended that you enter this number in your Mobile Phone or carry it with you, under Emergency Contact.
